EDUCATION

Professional Learning:

- Self-taught Frontend Developer
- Online learning through projects, documentation, and practice
- Hands-on experience building real-world web projects

SUMMARY

I am a dedicated Frontend Developer who builds modern, responsive, and user-friendly websites.

I specialize in HTML, CSS, JavaScript, and React, with a strong focus on clean UI design, smooth animations, and fast-loading interfaces.

I enjoy turning ideas into functional digital experiences that work on every device. I continuously improve my skills through real-world projects, self-learning, and hands-on practice

WORK EXPERIENCE

Key Projects & Contributions:

- Gym Website – Created a modern fitness website with strong visual design, service sections, and responsive layouts
- **Technologies**: React.js, CSS3
